Sclerotherapy

Doctor-led cosmetic and medical vein care.

Doctor-led sclerotherapy is performed by Dr. Karen Wilson, who has over 30 years of experience treating varicose veins and their associated complications. She is pleased to make recommendations about your care, whether the problem is unsightly or uncomfortable veins on your legs or broken capillaries or pigment on your face or body.

- Spider veins
- Leg vein concerns
- Broken capillaries
- Facial or body pigment concerns

Consultations are fully covered by **OHIP.**
